Introducing the ISS Don Resnick Traveling Fellowship Program

(in honor of Dr. Don Resnick)

**2-week traveling fellowship to visit the
University of California San Diego (UCSD) and
the University of California, San Francisco
(UCSF)**

**Travel dates: October 21st and November 1st,
2024**

Application Deadline December 31st, 2023

The ISS Don Resnick Traveling Fellowship program aims to promote the careers of mid-career musculoskeletal faculty and to encourage the international exchange of information concerning musculoskeletal practice and education and to establish professional and academic collaborations, friendships, and networks. The program will be offered twice per year and institutions and countries will change for each cycle.

Fellows will be chosen from a different country than the host institutions. Each fellow will travel for 2 weeks and visit 2 institutions in another country. At each institution, the fellow will meet with local faculty and trainees, present 2-3 lectures and participate in daily activities of their relevant musculoskeletal colleagues (radiologists, pathologists, orthopedic surgeons, etc). Each Fellow will also give a short presentation on their experience at the annual ISS meeting in the year following their fellowship and publish a brief report in Skeletal Radiology. The ISS will cover expenses associated with the program.

Fellowship Objectives

- Develop the fellow's clinical, research and teaching skills through exposure to different practice patterns around the world
- Connect fellows with musculoskeletal physician leaders across the world
- Prepare fellows for the challenges of leading and improving the specialty

Fellowship Benefits:

- Expanded networks
- Connections with Hosts and Host Institutions
- General musculoskeletal learning
- Exposure to practices in different regions of the world

Eligibility Criteria

- Open to ISS and non-ISS members
- 8-15 years out of fellowship
- Research and teaching experience
- Currently working in a different country from the selected institution
- Willingness to give a brief presentation at the Annual Meeting of the ISS and produce a short report about the travel experience for Skeletal Radiology after the program
